

## You

Fascinated from your behaviour  
Your movements, when you're dancing in the dimmed light  
The shining light when you wake up in the morning  
And you open up your eyes  
The happiness who's in the room – when you just walked in  
All these little things are points why i feel what i feel, so just be like you  
Are

And you hold me when I am loosing the ground  
You talk when the silence is around  
I know that I need you

You said: Never leave me darling  
I said: I hope so you do  
All the dreams that I have goes hand in hand with  
Our future - don't worry about that  
We both know we got so many common things  
So many memories from our trips  
But important is there`s no reason to hurry cause we know we got time

You hold me wehen I am loosing the ground  
You talk when the silence is around  
I know that I need you  
And I fear the moments when I'm lonely in the dark  
I keep the heat who lights from you heart  
I hope that you feel the same way

I Feel...  
Oh no, oh no

I know what I feel  
I feel what you need  
You need what you get  
You get what you deserve

You hold me when I am loosing the ground  
You talk when the silence is around  
I know that I need you  
And I fear the moments when I'm lonely in the dark  
I keep the heat who lights from you heart

I hope that you feel the same way

The same way  
The same way
